

1/20/2012

Dear Saints of the North Central Zone:

We just finished the MN Weekend in the Word in Minneapolis and it was a tremendous success, blessing all attending. Rev Wayne Clapp made the long drive to be warmed by the love and giving of those wonderful saints. Thanks to the Larson home fellowship for hosting the event.

We have some other wonderful opportunities to get together this spring with Rev. Jon Nessel teaching **part 2 of Growing in God's Power** March 9-11. Jon will develop, to a greater degree, the Church and how the ministries work together. Jon has been such a blessing to our Zone with the quality of his teaching and willingness to serve. He truly lives what he teaches.

Rev. Kevin Guigou will be presenting his newly developed teaching series call **No Place like Homechurch** May 18-20. He presented a couple of sessions during the National Planning Meeting and it was one of those times when my "heart burned within me." This is not just important for servant-leaders but the whole household needs to understand the beauty of God's design with meeting as families in our homes. Come join us for these two exciting weekends.

The women are planning a Women's Advance in Lake Geneva, WI April 20-22. The Theme this year is "Prayer" and Matt 21:22 is the theme verse. My wife Deb, Marte Haggerty and Patti Miller make up the pilot council for the event and it will be held at Covenant Harbor Christian Retreat Center on beautiful Lake Geneva, WI.

Deb and I are planning to join the believers in El Salvador May 25- June 4th to spend some time with those blessed saints. I will be helping with the servant-leaders meetings. Please keep us in your prayers as we take your love down south.

Remember that there is a lot of information available on our web site WWW.CFFIL.ORG. We post registration forms and other information you may want to know about.

We are so blessed to be able to make these kinds of gatherings available and look forward to spending time with you soon as we visit your homes and fellowships. Of course, our door is always open to you. We'll leave the light on for you.

Sincerely,

Charlie Quillen
